A reference guide of services to help families
and agencies in Montgomery County

Montgomery County Office Community Connections

Community Connection Navigates are skilled human service professionals who are knowledgeable about local, county, and state resources. They can provide quick information for simple questions. They can also work with residents on complex issues. Residents can work with the same Navicate during their interaction with Community Connections allowing the Navicate to serve as both a navigator of the system and as an advocate for the individual throughout the process. This service is FREE of charge to ANY MONTGOMERY COUNTY RESIDENT.

Language line services are readily available.

SAFE TO SLEEP

Help reduce the risk of SIDS (Sudden Infant Death Syndrome):

- Place baby on his/her back in an empty crib with a firm mattress and fitted sheets
- Do not over bundle clothing
- Keep your home smoke-free
- Practice room-sharing without bed-sharing

Lead poisoning is 100% preventable.

Talk to your child's doctor about getting a blood lead test. Pediatricians recommend that children get a blood lead test around the age of one and again around the age of two. Children should be tested at their doctor's office or a laboratory. Medicaid, CHIP and private insurance covers blood lead testing for children.

You can do a lot to reduce your child's risk of being lead poisoned:

- Keep children away from peeling paint.
- "Wet wipe" hard surfaces like floors and windowsills at least once a week.
- Foods high in Calcium, Iron, and Vitamin C can help keep your child healthy and lead free.
- Use caution when using children's toys and jewelry made in other countries. These items may contain lead.

Parents, guardians, and health care professionals can contact the Montgomery County Office of Public Health for more information:

Norristown area (610) 278-5145
Pottstown area (610) 970-5040
Willow Grove area (215) 784-5415

Attention Lansdale and Pottstown Landlords!

You may be eligible to participate in Montgomery County Office of Public Health's HUD Grant for Lead Home Clean-Ups.

For more information and to see if you qualify please email healthyhomes@montcopa.org

CHILDREN AND ADULT HEALTH

Vaccinations for children and adults, including flu, for those with no insurance covering vaccinations and for Vaccines for Children (VFC) eligible clients. Tuberculosis Testing and Treatment – Sexually Transmitted Disease Screening and Treatment - HIV/AIDS Testing and Counseling – Healthy Homes Program.

FAMILY SUPPORT HOME VISITING PROGRAM

The Maternal-Child Health Home Visiting Program is free for pregnant women, new mothers, new fathers, and their babies. A public health nurse will visit the family in the home, help with health care needs and discuss how mom, dad and baby are doing. The public health nurse can assist parents and children with a variety of needs including, but not limited to infant care, parenting tips, breastfeeding tips, home safety tips, smoking cessation, family planning, immunizations, education, and more.

HEALTH PROMOTION AND EDUCATION

Montgomery County Office of Public Health offers a variety of programs that are FREE for worksites, schools, senior centers and Montgomery County residents. Staff can host a display table at your community's health fair to distribute literature and answer questions. Program topics include:
Chronic Disease • Communicable Disease • Environmental Health • Healthy Lifestyles • Immunizations • Injury Prevention • Nutrition • Opiate Epidemic • Physical Activity

To request a health educator program, call (610) 278-5117 ext. 6771 or fill out the on-line request form at: <https://www.montcopa.org/EducationalPrograms>

Thank you to Marissa Conley, Arcadia University, who updated the 2020 Parent and Infant Resource Guide.

Marissa is a graduate student in the Master of Public Health (MPH) program at Arcadia University. After completing the MPH program in May 2020, Marissa will begin to pursue her MPH career. She hopes to apply the knowledge and experience she gained through the MPH program and her internship with the Office of Public Health in all of her future career roles.
